FROM GEORGE EASTMAN

(First Annual Message to Congress,

I do acknowledge the United States of America, to be free, independent and sovereign states, and declare that the people thereof owe no allegiance or obedience to George the Third, King of Great Britain, and I renounce, refuse and abjure any allegiance or obedience to him.

"Now, therefore I do recommend and assign Thursday, the 26th day of November next to be observed by the People of these parts, that we may thus all unite in rendering — our sincere and humble thanks."

In Memoriam

Mr. Clifton Sanderson

Having Mr. Sanderson at school was just like having an extra grandfather around. He always took time to help us - even without being asked . . . and he expected nothing in return except a smile - and our love.
We miss our friend . . .

Middle School

Middle school is the time for braces, jokes, lots of horseplay, a little study, the boys daydreaming about becoming superstars and the girls daydreaming about the boys.

These are the years when we're either too young or too old for whatever it is we want to do. That seems to be the teachers' and parents' stock answer for all our requests.

Elementary

A whole new world opens up when you get to be five. No longer do you have to stay home with Mom all day or go to the sitters. You don't have to play by yourself all day either - the very best part is just being with 20 other kids just your own age - all day - every day!

School is really shaping up now. After four years of readin', 'ritin', and 'rithmetic, we finally get to do the "good" stuff - play basketball and football. Just think - it won't be long until we are REAL Tigers and Tigerettes.
